Re: IBT Local Union 173's Designation as a Summer Seasonal Election

Mr. Tuttle:

By an email of May 28, 2010, IBT Local 173 requested review of its designation as a summer seasonal local under the 2011 Rules. After receiving membership information from Local 173 regarding the number of seasonal employees and the time frame of peak employment, I have determined that IBT Local 173 would be best served by holding the delegate and alternate delegate elections during the winter of 2011.

The designation of Local 173 as a summer seasonal local is rescinded.

Sincerely,

  
Richard W. Mark  
Election Supervisor
