RICHARD W. MARK
Election Supervisor

MEMORANDUM

To: All Campaigns and Independent Committees
From: Richard W. Mark, Election Supervisor
Re: Campaign Contribution and Expenditure Report for Period #1
Date: July 2, 2010

The Campaign Contribution and Expenditure Reporting System (“CCERS”) was designed with the first reporting period starting on April 1, 2010. In reviewing data entered in the CCERS, the Office of the Election Supervisor (“OES”) has noted that some accounts recorded reportable transactions on dates earlier than April 1. OES needs to adjust the start date for the first reporting period system-wide so that all entered transactions will be properly reflected in the reports.

As a result of that adjustment, all campaigns and independent committees must perform the ministerial step of re-filing CCER #1. The deadline for re-filing the CCER and Supplemental Form #1 is Monday, July 12, 2010. Campaigns and independent committees that filed reports that reflected no financial activity must also refile.

Campaigns and independent committees that filed their CCER and Supplemental Form #1 by the June 25, 2010 deadline, that have been in contact with the Election Supervisor’s Office regarding the status of reports, or that properly asked for an extension will be considered as having filed on time by filing by the July 12, 2010 deadline.

Requests for inspection of CCERS may be made to the Election Supervisor’s Office starting on July 13, 2010.
