RICHARD W. MARK
Election Supervisor

PROVISIONAL CALCULATION OF REGIONAL VICE-PRESIDENT POSITIONS

Article IV, § 1(b) of the IBT Constitution requires the General Secretary-Treasurer to calculate the number of vice-presidential positions for each IBT region according to a formula that uses average membership over the two year period ending on September 30 of the year before the International Convention. For the current election cycle, the calculation would be made using the two-year average membership figure as of September 30, 2010. The General Secretary-Treasurer's calculation is forthcoming, and that calculation will be controlling, under the Constitution, when it is issued.

A provisional calculation of the number of regional vice-president positions can be made now, however, based on average membership data currently available from the IBT. This provisional calculation is published to provide members and interested candidates with guidance, at the start of the election process, on the likely number of regional vice-presidential positions that will be open for nomination and election.

IBT REGION	NUMBER OF VPS
Central	4
Eastern	4
Southern	2
Western	3
Canadian	3 ¹

The provisional figures in this announcement are subject to change based on data gathered as of the Constitutionally-fixed period.

Dated: Washington, D.C.
June 2, 2010

Richard W. Mark
Election Supervisor

¹ The President of Teamsters Canada is counted here as one of the three regional vice-presidents. IBT Constitution, Art. IV, § 1(b).
